

**Save the Date: May 15, 2008**

***“Preventing MRSA: It’s in our hands”*** campaign launch

***DID YOU  
KNOW...***

The Association for Professionals in Infection Control and Epidemiology (APIC) has reported that 46 of every 1,000 healthcare facility patients in their 2007 study were infected or colonized with MRSA. Of those, 77 percent were identified within 48 hours of admission. This finding suggests that 35 of 46 patients walk into healthcare facilities with MRSA.

On Thursday, May 15, 2008, the Arizona Hospital and Healthcare Association’s *Safe & Sound* initiative will kick off a statewide initiative that addresses the growing concerns about MRSA.

***“Preventing MRSA: It’s in our hands”***

This launch event will be held at Rawhide Western Town at Wild Horse Pass in Chandler on Thursday, May 15, 2008 from 9:00 - 2:30. In an effort to encourage full statewide support and participation in this initiative, the registration price has been greatly reduced thanks to the generous sponsorship of Blue Cross® Blue Shield® of Arizona, an independent licensee of the Blue Cross and Blue Shield Association. The per person registration price is \$30. Suggested attendees include CNOs, IC nurses, QI Directors, PSOs, Nurse Educators, Environmental Services, & Pharmacists. Seating is limited so please coordinate with your hospital leadership for attendance. To register contact Kathy De Lisle at [kdelisle@azhha.org](mailto:kdelisle@azhha.org). Questions? Contact Barb Averyt at [baveryt@azhha.org](mailto:baveryt@azhha.org) or 602-445-4321.
